

7 Ways Online Summer School Benefits Your High-Achieving Students

1

By freeing up space in their schedules next year for electives or dual-enrollment

By allowing them to complete necessary prerequisites for next year's AP courses

2

3

By keeping their language learning skills fresh, rather than losing 3 months of practice

By keeping their minds active and preventing summer brain drain

4

5

By giving them maximum flexibility to fit summer learning into their busy schedules

By helping college-bound student-athletes earn NCAA credits

6

7

By giving them the opportunity to audit a challenging course they plan to take in the fall
